

Eggless Moderate Low-Carb Lentil Focaccia

Eggless Moderate Low-Carb Lentil Focaccia (With Pea Protein + Parmesan)

Ingredients

Lentil Base

- 190g dry split yellow moong dal OR red lentils (masoor dal)
- Or 95g each for mixed version
- Water for soaking

Egg Replacement

- 2 tbsp flaxmeal (14g)
- 6 tbsp warm water

Structure + Protein

- 1 tbsp psyllium husk powder (8g)
- 30g pea protein isolate
- 45g thick Greek yogurt (about 3 tbsp)

Flavor

- Salt to taste
- 1 tsp baking powder
- 1/2 tsp garlic powder
- 1 tsp oregano
- 1 tsp apple cider vinegar
- 2 tbsp olive oil

Toppings

- 25g grated parmesan
- 6–8 olives sliced
- 1 tsp sesame seeds
- Rosemary
- Optional chili flakes
- Light olive oil drizzle

Method

1. Soak lentils for 4 hours or overnight. Drain and rinse.
2. Mix flaxmeal + warm water and let sit 10 minutes.
3. Blend lentils, flax gel, yogurt, olive oil, ACV, garlic powder, oregano, and salt until smooth.
4. Fold in pea protein, psyllium, and baking powder.
5. Rest batter 10 minutes.
6. Spread into parchment-lined 8x8 pan.
7. Make dimples and add toppings.
8. Bake at 390°F / 200°C for 28–35 minutes.
9. Cool in pan 10 minutes, then transfer to wire rack.

Approx Macros

Entire loaf:

- Calories: ~1,290
- Protein: ~78–82g
- Net Carbs: ~95–102g
- Fat: ~58–62g
- Fiber: ~28–32g

Per slice (8 slices):

- Calories: ~160
- Protein: ~10g
- Net Carbs: ~12–13g
- Fat: ~7–8g
- Fiber: ~3–4g

Notes

- Half moong + half masoor gives the best balance.
- Slice only after fully cooled.
