

Eggless Low-Carb Chewy Plum Cake

Psyllium-Based • Dense & Sliceable • Improves with Rest • Long Shelf Life

Ingredients

- Almond flour – 1½ cups
- Psyllium husk powder – 1½ tbsp
- Baking powder – 1 tsp
- Salt – ¼ tsp
- Nutmeg – ¼ tsp
- Javitri (mace) – ■ tsp
- Dry ginger – ¼ tsp
- Cardamom – ¼ tsp
- Monkfruit–allulose (powdered) – ¾ cup
- Unsalted butter, melted & cooled – ½ cup (113 g)
- Water – ¾ cup
- Vanilla extract – 2 tsp
- Orange zest – 1 tbsp
- Dried goji berries – 3 tbsp
- Dried mulberries – 3 tbsp
- Dried lemon peel – 1–1½ tsp (soaked)
- Pecans – ¼ cup (chopped)
- Almonds – ¼ cup (chopped)
- Pistachios – ¼ cup (chopped)

Method (Summary)

- Soak dried fruits and lemon peel in warm water 10 minutes; drain and pat dry.
- Preheat oven to 325°F (165°C). Line 8×4 inch loaf pan with parchment.
- Mix psyllium with water; rest 5 minutes to form gel.
- Whisk butter with sweetener, vanilla, and zest; stir in psyllium gel.
- Combine dry ingredients separately; mix into wet to form sticky batter.
- Fold in prepared fruits and nuts.
- Spread into pan; smooth top with wet spatula.
- Bake 40–50 minutes; tent after 30 minutes if needed.
- Cool 30 minutes in pan, then fully on rack.
- Rest wrapped 24–48 hours for best flavor and texture.

Possible Variations (Structure Unchanged)

- Cardamom-forward: increase cardamom to ■ tsp.
- Lemon-forward: increase dried lemon peel to 1½ tsp; slightly reduce orange zest.
- Chocolate plum cake: add 2 tbsp cocoa powder and reduce almond flour by 2 tbsp.
- Nut swap: use all pecans or walnuts instead of mixed nuts.
- Ghee aroma: replace half the butter with ghee.

Notes

- Sticky batter is expected and correct for psyllium-based cakes.
- Texture is dense and chewy, not sponge-like.

- Flavor improves significantly after resting.
- Keeps 10–14 days refrigerated; freezes well sliced.
