Low Carb | Keto | Gluten Free

Ingredients (makes ~12–14 cookies):

Cream cheese	113 g (½ cup, softened)
Unsalted butter	113 g (½ cup, softened)
Almond flour	230 g (a little less than 2 cups)
(Optional) Coconut flour	Replace 2 Tbsp almond flour for extra crunch
Monk fruit sweetener (granular)	60–70 g (adjust to taste)
Salt	¼ tsp
Vanilla extract	1 tsp
Ground flaxseed	1 Tbsp + 2 Tbsp water (egg replacer)
Chopped roasted pecans	60 g (½ cup)
Pecan chunks (for topping)	40 g (■ cup)

Instructions:

1. Preheat oven to 160 °C / 320 °F. Line a baking sheet with parchment paper.
2. Prepare flax egg: Mix 1 Tbsp flaxseed meal + 2 Tbsp water. Let rest 5 min until gelled.
3. Beat butter, cream cheese, and sweetener until fluffy. Add vanilla and flax egg.
4. Add almond flour, salt, and mix to form a stiff dough. Fold in chopped pecans.
5. Roll dough into small balls (~1½ Tbsp) and flatten slightly. Press a pecan chunk on top.
6. Bake 25–30 minutes until edges turn golden. Turn off oven and leave cookies inside for 15–20 minutes with door slightly open to dry and crisp.
7. Cool completely on a wire rack.

Storage:

Store in an airtight jar up to 2 weeks. Reheat at 120 °C / 250 °F for 5–8 minutes for extra crunch.

Tips for Crunchier Texture:

- Use granular sweetener for better crispness.
- Add 1–2 tsp coconut flour for a drier texture.
- Do not underbake — cookies should feel firm in the center.

Optional Variations:

■ **Chocolate Chip:** Add 2 Tbsp sugar-free dark chocolate chips.

■ **Spiced:** Add ½ tsp cinnamon or a pinch of nutmeg.

■ **Coconut-Pecan:** Replace ¼ cup almond flour with unsweetened coconut.

■ **Lemon-Almond:** Add 1 tsp lemon zest and a drop of almond extract.

■ ■ **Mocha (No Cocoa Needed):** Add 1–2 tsp instant coffee + 1–2 tsp melted sugar-free chocolate chips. Optional: place 1–2 chips on top of each cookie before baking.
