

Eggless Low■Carb Keto Buns & Flatbread / Pita

Base Dough (Makes 3 buns or 2 medium flatbreads)

This egg■free recipe relies on psyllium husk + boiling water to mimic the structure of eggs. Suitable for air fryer or oven.

Ingredients

- ■ cup coconut flour (30 g)
- ¼ cup almond flour (30 g)
- 1 Tbsp psyllium husk powder (5 g)
- 1 tsp baking powder
- Pinch of salt
- ¾ cup boiling water (180 ml)
- 1 Tbsp olive oil or melted butter (optional but recommended)
- 1 tsp apple cider vinegar or lemon juice (optional)
- Sesame seeds – optional topping

Method – Buns / Rolls

- 1 Mix all dry ingredients thoroughly.
- 2 Pour in boiling water and stir quickly until a thick dough forms.
- 3 Add oil and vinegar if using. Rest dough for 2–3 minutes.
- 4 Divide into 3 portions and shape with lightly oiled hands.
- 5 Sprinkle sesame seeds if desired.
- 6 Air fry at 170–175°C (340–350°F) for 12–15 minutes, flipping halfway.
- 7 Cool for 10 minutes before slicing.

Flatbread / Pita Adaptation

- After resting, divide dough into 2 portions.
- Roll between parchment into thin rounds (2–3 mm).
- Cook on a hot cast■iron pan or tawa (medium heat) 2–3 min per side until lightly browned.
- For pita■style pocket: keep slightly thicker and cover pan briefly to allow steam puffing.
- Optional: brush lightly with olive oil or butter after cooking.

Approximate Macros (per bun)

Calories: ~140 kcal · Protein: ~7 g · Fat: ~9 g · Net Carbs: ~3.5–4 g

Notes: Use psyllium husk powder (not whole husks). If dough feels dry, add 1–2 Tbsp hot water. Allow full cooling before slicing for best texture.
