

Eggless Low-Carb Flatbread (Pita / Indian Roti)

This single dough works for both soft Indian-style roti and slightly thicker pita. The difference lies only in rolling thickness and cooking style.

Ingredients (4–5 flatbreads)

Almond flour (fine, blanched)	¾ cup
Defatted peanut flour	¼ cup
Psyllium husk powder (finely ground)	2 tbsp
Baking powder	½ tsp
Salt	½ tsp
Greek yogurt / thick curd	3 tbsp
Oil or ghee	1½ tbsp
Warm water	½ cup + 1–2 tbsp as needed

Method

1. Mix all dry ingredients in a bowl.
2. Add yogurt and oil/ghee; mix to a crumbly texture.
3. Gradually add warm water to form a soft, pliable dough.
4. Cover and rest for 10 minutes (important).
5. Divide into 4–5 balls.
6. Roll between parchment sheets.

For Indian Roti:

Roll thin (2–3 mm). Cook on hot tawa ~45 seconds per side.

For Pita:

Roll thicker (~¼ inch). Cook on medium heat 1–2 minutes per side.

Notes

- Dough should be soft; add water if stiff.
- Defatted peanut flour absorbs more moisture.
- Best cooked fresh; dough can be refrigerated 2–3 hours.
