

Low-Carb Maddur Vada – Peanut Variation (Air Fryer)

Ingredients

Dry Base

- 1 cup almond flour
- 2–3 tbsp arrowroot flour
- 1 tbsp psyllium husk
- 1 tbsp white sesame seeds
- 1/2 tsp cumin seeds
- 1/2 tsp salt (reduce slightly because peanuts are salted)
- 1/2 tsp crushed pepper or red chilli flakes

Aromatics

- 1 medium onion, very finely chopped
- 1–2 green chillies, chopped
- 6–8 curry leaves, chopped

Peanut Add-In

- 1–2 tbsp coarsely crushed roasted salted peanuts (Costco peanuts are perfect)

Fat

- 2 tbsp hot oil or ghee

Moisture

- 2–4 tbsp plain or Greek yogurt

Method

1. Mix all dry ingredients in a bowl.
2. Add onions, green chillies, and curry leaves.
3. Add the crushed roasted salted peanuts.
4. Pour hot oil over the mixture and combine well.
5. Add yogurt gradually and knead into a soft dough.
6. Rest the dough for 5 minutes to allow psyllium and arrowroot to bind.
7. Shape into thin discs.
8. Air fry at 180°C (350°F) for 8–10 minutes. Flip and cook another 5–7 minutes.
9. For extra crispness, air fry for an additional 2 minutes at 200°C (390°F).
10. Let rest 5 minutes before serving.

Notes

- Since peanuts are salted, reduce added salt slightly.
- Keep peanuts coarsely crushed for the best crunch.
- Thinner discs give better crispiness in an air fryer.
